Encl: (1) Billet Information Sheet

1. The position of Deputy Program Manager, PEO C4I, Shore and Expeditionary Integration (PMW 790), an ACAT I program, is scheduled for selection during the Fall 2013 slate, with assignment planned in December 2013. The purpose of this letter is to solicit candidates for the position described in enclosure (1).

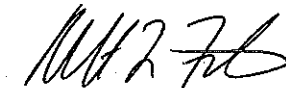

2. Reference (a) contains statutory requirements for certain senior critical acquisition positions. Applicants for this position must be Department of Navy military (O5/O6) or civilian (DP-04/GS-15) at the time of application. This position is not a promotion opportunity. PCS is authorized. Per reference (a), candidates must possess the necessary experience, certifications, education and training to take on the applicable roles and responsibilities of the position. If approved selectee is military, the position is designated military during service agreement timeframe. This position is physically located at 4301 Pacific Highway, San Diego, CA 92110-3127.

3. Qualified personnel are to complete and forward the application with required enclosures listed on the submission check list and found on the following link:
(<http://www.public.navy.mil/spawar/Pages/60SlatingPanel.aspx>) to Suzanne Pinedo NLT COB on 18 October 2013. Applicants may also provide additional relevant information to support their selection for the position. For Personally Identifiable Information reasons, the preferred method of application receipt is a PDF attachment via digitally signed encrypted email delivered to suzanne.pinedo@navy.mil. In accordance with

Subj: SOLICITATION OF CANDIDATES FOR, DEPUTY PROGRAM
MANAGER, PEO C4I, SHORE AND EXPEDITIONARY INTEGRATION
(PMW 790)

reference (b), request for personal information is For Official Use Only. Ms. Pinedo can be reached at (619) 221-5574, should there be any questions.

4. Applications received as a result of this announcement will be reviewed by the SPAWAR slating panel and used to develop a slate of qualified acquisition professional candidates for the position available.

A handwritten signature in black ink, appearing to read "MH2 FFB", is positioned above the printed name.

POSITION REQUIREMENTS

RANK/LEVEL/DESIG/OCC: Mil 05/06 XXXX/1440 or DP-04 (GS 15)/0340

SUBSPECIALTY: 5300 - Electrical/Electronic Systems
Engineering (Desired)

EDUCATION: Engineering/Technical Degree preferred

MISSION: Acquire, integrate, deliver and support tactical shore based and expeditionary C4I capabilities to the warfighter.

RESPONSIBILITIES: The Deputy Program Manager (DPM) reports directly to the Program Manager (PM) for Shore & Expeditionary Integration (PMW 790). The DPM is responsible for assisting the PM in providing leadership and management in developing, acquiring, fielding, and supporting integrated C4I system solutions at Navy Shore, Expeditionary and Joint commands. The DPM assists the PM in planning, directing, and evaluating the execution of acquisition, management, technical development, and financial control activities therein. The DPM is responsible for assisting the PM in delivering the systems as an integrated set of capabilities and must develop and manage efforts to build and sustain integrated command, control, communications, computers and intelligence (C4I) solutions. This includes the entire life cycle of assigned Naval and Joint products and services in terms of risk, schedule, performance, and cost.

PERSONNEL: 16 civilians, 4 military

BUDGET: \$0.9B (FY13-FY18)

DATE: 17 September 2013

DUTIES: The DPM assists the PM in managing all phases of the acquisition life cycle to include program definition, development, design, integration, test and evaluation, production, installation, training, operational support, and modernization of assigned programs. The DPM assists the PM in implementing acquisition regulations, policies, and reform initiatives to ensure efficient legal and fiscal execution of each program. He/she keeps abreast of new technical capabilities, recommends techniques by which new technology can be incorporated into existing and future systems. The DPM works with OPNAV, cognizant Echelon II commands, FLT CDR's, other SYSCOMs and PEOs, Navy labs, others Services, and private organizations to translate operational requirements into acquisition programs.

This position is designated a Key Leadership Position (KLP) in accordance with Navy Service Acquisition Executive (Assistant Secretary of the Navy, Research, Development and Acquisition) guidance, specifically the Department of the Navy Defense Acquisition Workforce Improvement Act (DAWIA) Operating Guide dated 21 December 2011.

MANDATORY QUALIFICATIONS:

1. Meet requirements for Defense Acquisition Workforce Improvement Act (DAWIA) Level III certification in Program Management acquisition career field.
2. Meet requirements for DAWIA designated KLP (e.g., Acquisition Professional Community membership, special statutory requirements, certification, and tenure obligation).
3. Knowledge of DON and DoD systems acquisition management and integrated logistics support.
4. Technical knowledge of information network systems, applicable technology, and engineering.
5. Demonstrated experience in providing leadership and direction in overall program integration, systems engineering management and systems acquisition.
6. Ability to review and analyze implementation of governmental programs and ensure there is effective level of monitoring and evaluation.
7. Demonstrated successful project management experience with the principles and techniques of design, development, and

DATE: 17 September 2013

integration of C4I systems in shipboard, air, submarine platforms or ashore environments. Demonstrated knowledge of methods and/or systems for assessing program execution and improving program effectiveness and efficiency.

8. Eligibility for Top Secret/SCI clearance.

DESIRED QUALIFICATIONS:

1. Understanding of and/or experience with methods and steps required to compete and manage a large-scale integration effort for multiple product lines.
2. Two years experience as a Principal Assistant Program Manager or Acquisition Program Manager in a major Acquisition Program Office (ACAT IA, I or II) to include experience in budget management, Planning Programming, and Budgeting System and Program Objective Memorandum development, milestone decisions, and technical evaluation boards.
3. Knowledge of the shore installation, fleet readiness certification board and military construction processes.
4. Experience and knowledge of program management and engineering management, integration and acquisition of C4I and/or Information Technology systems.
5. High-level understanding of C4I from the Navy, expeditionary and joint perspective and experience in establishing collaborative relationships with Joint, Service, and Component partners.
